AGENDA

BOARD OF DIRECTORS REGULAR MEETING

Monday May 9, 2011 2:00 P.M.
1195 Third Street, Third Floor, Napa, CA 94559

GENERAL INFORMATION

Agenda items will generally be considered in the order indicated below, except for Set Matters, which will be considered at the time indicated. Agenda items may from time to time be taken out of order at the discretion of the President.

The meeting room is wheelchair accessible. Assistive listening devices and interpreters are available through the District Secretary. Requests for disability related modifications or accommodations, aids, or services may be made to the Secretary's office no less than 48 hours prior to the meeting date by contacting (707) 259-8603.

Any member of the audience desiring to address the District on a matter on the Agenda, please proceed to the rostrum and, after receiving recognition from the President, give your name, address, and your comments or questions. In order that all interested parties have an opportunity to speak, please be brief and limit your comments to the specific subject under discussion. Time limitations shall be at the discretion of the President.

State law requires agency officers (Directors and Officers) to disclose, and then be disqualified from participation in, any proceeding involving a license, permit, or other entitlement for use, if the officer has received from any participant in the proceeding an amount exceeding \$250 within the prior 12 month period. State law also requires any participant in a proceeding to disclose on the record any such contributions to an agency officer.

All materials relating to an agenda item for an open session of a regular meeting of the Board of Supervisors which are provided to a majority or all of the members of the Board by Board members, staff or the public within 72 hours of but prior to the meeting will be available for public inspection, on and after at the time of such distribution, in the Conservation, Development and Planning Department Office at 1195 Third Street, Suite 210, Napa, California 94559, Monday through Friday, between the hours of 8:00 a.m. and 5:00 p.m., except for County holidays. Materials distributed to a majority or all of the members of the Board at the meeting will be available for public inspection at the public meeting if prepared by the members of the Board or County staff and after the public meeting if prepared by some other person. Availability of materials related to agenda items for public inspection does not include materials which are exempt from public disclosure under Government Code sections 6253.5, 6254, 6254.3, 6254.7, 6254.15, 6254.16, or 6254.22.

1. Call to Order and Roll Call

2. Public Comment

In this time period, anyone may address the Board of Directors regarding any subject over which the Board has jurisdiction but which is not on today's posted agenda. In order to provide all interested parties an opportunity to speak, time limitations shall be at the discretion of the President. As required by Government Code, no action or discussion will be undertaken on any item raised during this Public Comment period.

3. Set Matters

None

4. Administrative Items

- A. Consideration of and potential approval of Minutes of Board of Directors meetings of April 11, 2011 and April 21, 2011.
- B. Consideration and potential approval of professional services agreement with Susan Alfeld Consulting to assist with the preparation of interpretive materials for the Napa River and Bay Trail Phase I.
- C. Consideration and potential approval of contract with the California Conservation Corps to install fencing around the landfill loop section of the Napa River and Bay Trail Phase I.
- D. Consideration and potential approval of amendment to agreement with Delta Consulting and Engineering to increase the agreement by \$7,440 to design and prepare construction documents for alternative wastewater treatment system at Moore Creek.
- E. Receipt of third quarter revenues and expenses, consideration of and potential approval of budget adjustments for FY 2010-11, consideration of and potential direction to staff regarding the draft budget for FY 2011-12, and setting of public hearing for June 6, 2011 regarding the budget for FY 2011-12.
- F. Receipt of report on expenditures, encumbrances, donations and grants approved by the General Manager.
- G. Review of the District Projects Status Report.

5. Announcements by Board and Staff

In this time period, members of the Board of Directors and staff will announce meetings, events and other matters of interest. No action will be taken by the Board on any announcements.

6. Agenda Planning

In this time period, members of the Board of Directors and staff will discuss matters for possible consideration at future meetings. No action will be taken by the Board other than whether and when to agendize such matters, unless specifically noted otherwise.

7. Closed Session

A. Conference with Real Property Negotiator (Government Code Section 54956.8)

Property: APN Nos 015-070-011, -012; 016-120--024, -025

Agency Negotiator: John Woodbury, NCRPOSD General Manager

Negotiating Parties: NCRPOSD and Bournemouth LLC

Under Negotiation: Instructions to Negotiator will concern terms and conditions

8. Adjournment

**Napa County Regional Park
and Open Space District**

AGENDA

BOARD OF DIRECTORS REGULAR MEETING

Monday April 11, 2011 2:00 P.M.
1195 Third Street, Third Floor, Napa, CA 94559

1. Call to Order and Roll Call

Meeting was called to order by Chair Myrna Abramowicz.
Directors Harold Kelly, Tony Norris, Guy Kay, Dave Finigan present.

2. Public Comment

Melissa Ardesno on behalf of Congressman Thompson presented the District with a Certificate of Special Recognition for the Districts 4 year Anniversary.

3. Set Matters

3:00 PM Vine Trail Presentation by Chuck McMinn
Chuck McMinn, executive Director of the Vine Trail Coalition gave the update.

4. Administrative Items

A. Consideration of and potential approval of Minutes of Board of Directors meeting of March 14, 2011.

Minutes were approved as presented.

TN-GK-HK-MA-DF

A

B. Consideration of and potential action to take positions related to the following legislation:

i. AB 703 (Gordon) extending the welfare exemption from property taxes for conservation property owned by land conservation organizations.

Directors voted to support AB703.

GK-TN-HK-DF-MA

ii. SB 644 (Hancock) and AB 587 (Gordon) extending the exemption of volunteers from prevailing wage requirements.

Directors voted to support SB644 and AB587.

HK-DF-TN-GK-MA

- iii. SB 580 (Wolk and Kehoe) making it harder to condemn state park lands for non-park uses.
Directors voted to support SB 580.
TN-GK-HK-DF-MA
 - iv. AB 42 (Huffman) to facilitate state parks entering into management partnerships with non-profit organizations to keep state parks open.
Directors voted to AB 42.
DF-TN-HK-GK-MA
- C. Consideration and potential approval of comments on the Napa Pipe project.
Comment period for Napa Pipe was still open and no response has been received from the initial comments given. No action taken.
 - D. Receipt of report on expenditures, encumbrances, donations and grants approved by the General Manager.
John Woodbury gave the report.
 - E. Review of the District Projects Status Report.
John Woodbury gave the report with discussions on the Napa River Bay Trail, Berryessa Vista, Berryessa Peak Trail, Camp Berryessa, Lake Hennessey, Moore Creek, and Ecological Reserve.
5. Announcements by Board and Staff
- John Woodbury announced the District Special Meeting on April 21, 2011 at the Pope Valley Farm Center.
 - Director Norris announced he will be attending a Trails conference in San Ramon.
 - Director Abramowicz announced that Earth Day in downtown Napa will be April 23, 2011.
 - Director Abramowicz announced that the Watershed Symposium will be May 19, 2011.
 - Director Abramowicz announced that the Tyler York memorial will be held at Skyline Park.
6. Agenda Planning
No action taken.
7. Adjournment to Special Meeting on Thursday, April 21, 2011, at 6:30 pm, to be held at the Pope Valley Farm Center

AGENDA

BOARD OF DIRECTORS SPECIAL MEETING

Thursday, April 21, 2011 6:30 P.M.
Pope Valley Farm Center, Pope Valley, CA

1. Call to Order and Roll Call

Directors Harold Kelly, Tony Norris, Guy Kay, and Myrna Abramowicz present.
Director Dave Finigan was excused.

Staff present: General Manager, John Woodbury, Outreach Coordinator, Chino Yip

2. Discussion of the Spanish Valley, Crystal Flats and Stone Corral properties owned by the District, including current status, opportunities and constraints, and the future process for planning their stewardship and use.

John Woodbury discussed who we are, status of property, planning process, what we know about the status of the property and answered questions. Our primary goal and responsibility is to protect the resources, and our secondary goal is to provide appropriate public access. Hope to do restoration work and provide outdoor recreation opportunities (not motorized according to County code). Myrna Abramowicz will take notes on the public's comments and concerns.

3. Public Comment:

Following is a brief listing of questions, concerns and comments made at the meeting:

- Maps of the properties were requested that they can look.
- What will District do for us?
- Trincherro built fence that blocks campground water; garbage backed up and needs to be cleaned up; marina not put in as promised.
- What are Berryessa Estates property owners' legal rights? Residents feel their easement rights have been violated since 1960s. 1976 and 1983 (and 1984) judgments – articles of incorporation gave easement rights to Berryessa Estate owners, but they are poorly drafted and difficult to sort out. District and several speakers expressed preference for a mutual acceptable agreement giving clear role to association to manage Estates the property owners' use of the campground and marina.
- What is the County's responsibility to maintain roads? The County maintains paved roads within the subdivision only; the access roads to the campground and marina are private)
- Given the old settlement agreement, what legal right did Trincherro have to donate the property? What about the Easement rights?
- How can general public share without violating resident easement rights to Crystal Flats and Stone Corral – existing roads (gates) on private property
- LBRID not maintaining roads; slide damage and dollars spent by association
- Homes, residences need access to river

- Opposition expressed to outsiders camping at the campground. Security issues.
- Association is a non-profit corporation with CCNRs
- Why did the District accept the gift? (Answer: great resource, prevent development, provide appropriate public access)
- Several speakers and District staff indicated shared use would be ideal because it would share the costs.
- Need electronic gate, water improvements, road maintenance, trash monitoring
- Concern expressed about article in newspaper at time of donation – too early to promise horseback riding, kayaking, etc
- Distinguish property owners of Berryessa Estates from the rest of the public.
- What fees to get in – who shares in revenues?
- Residents now pay \$130 for key, but gate left open so why pay?
- Fire risk – 1 way in, 1 way out. Fire fuel management with CDF. Should have seasonal controls. Create exit fire road at the top of hill crossing the BLM land?
- Who controls overnight use? (District expects to have full time caretaker same as state parks)
- What obligation to do anything to change property? (First obligation is to protect the resources, then to provide appropriate public use)
- What other properties is District involved with and what offered on those properties to the public? (Moore Creek, Lake Hennessey, Oat Hill Mine Trail, Napa River and Bay Trail, Camp Berryessa)
- Water for public use? Well? (Spanish Valley has well; campground well not functional)
- Who maintains (District expects to maintain with staff plus lots of volunteers).
- Traffic (District doesn't expect many cars). Parking is the harder issue – where to put it?
- There will be NO changes by District until at least the end of the hunting lease on December 31, 2011.
- Timeline – Moore Creek took over 2 ½ years to get to an approved use permit
- Spanish Valley likely to be opened first, because the issues are simpler
- Process – gather info; prepare preliminary plans; prepare environmental analysis; board acts on decision; use permit before the planning commission. All stages in the process are open to the public.
- Spanish Trail – abandoned in mid 90s – County retained the right to use in future as a public road. There is a disagreement about the eastern terminus of the road—does it go to the edge of Spanish Valley property or a few hundred feet short of the property line.
- Fire station on BLM land in process. It's been three years. When BLM land is transferred to District, the District will provide to CDF or Pope Valley Fire Dept to staff a substation. Insurance for property owners is very high because they are more than 7 miles from a station. The Estates are currently classified as risk level 10 on map – all they need is a building, a truck and 4 volunteers to reduce insurance costs. District has .2 acre connector piece already that will provide access to the fire substation site.
- A possible letter writing campaign or other pressure to speed up transfer of the BLM land was discussed
- To the extent possible, District would like to work through the association (even though the campground and marina rights are held by each individual property owner than the association.
- Exclusive or shared use of marina and campground has to be sorted out
- Fees for camping and boating have to be sorted out
- The property donated with no restrictions in the grant deed on how the property would be used
- What happens to property if District dissolves? District could vote to “dedicate as parkland” which protects it from sale or use for non-park purposes unless State legislation removes the restriction.
- Trincherro donation valued at a little over \$4 million value.

Board members comments:

- Harold Kelly – The problems with how the association was established is their issue, not the Districts. Open access for the public is District's responsibility.
- Guy Kay – Redistricting to south gives much weight to South County re political decisions. Access to open space necessary for south county voters to continue to support agriculture and open space.
- Tony Norris – District board members involved on many different organizations serving the community
- Myrna Abramowicz –Committed to providing opportunities for our children to learn about and appreciate nature and the outdoors. This is critical for the future preservation of Napa County.

Contact info – website napaoutdoors.org has contact info for board members and staff.

4. Adjournment

Meeting was adjourned to the Regular Park & Open Space District Meeting of May 9, 2011.

TN-GK-HK-MA-DF

Napa County Regional Park
and Open Space District

STAFF REPORT

Date: May 9, 2011

Agenda Item: 4.B

Subject: Consideration and potential approval of professional services agreement with Susan Alfeld Consulting to assist with the preparation of interpretive materials for the Napa River and Bay Trail Phase I.

Recommendation

Authorize General Manager to sign a professional services agreement with Susan Alfeld Consulting to work on the interpretive elements of the Napa River and Bay Trail Phase I for the not-to-exceed amount of \$21,000.

Background

Included with the grant from the Resources Agency which is funding the construction of the Napa River and Bay Trail Phase I is \$158,000 to research, design, prepare and install interpretive panels and an audio interpretation system.

The District issued a request for proposals to five local professionals known to have skills and interest relevant to this project. Although only one proposal was actually submitted, from Susan Alfeld Consulting, it was responsive and staff is pleased with the experience of the proposer. Susan Alfeld's specialty is implementing water-related education programs for students.

The proposed agreement is for up to \$21,000, with the actual cost based on the time and expenses actually incurred. The agreement covers the time and expenses associated with researching and developing message content, coordinating with teachers and students to prepare audio messages, and providing assistance with hiring and overseeing contractors who will set up the audio interpretation infrastructure as well as fabricate the physical interpretive elements.

Napa County Regional Park
and Open Space District

STAFF REPORT

Date: May 9, 2011

Agenda Item: 4.C

Subject: Consideration and potential approval of contract with the California Conservation Corps to install fencing around the landfill loop section of the Napa River and Bay Trail Phase I.

Recommendation

Authorize General Manager to sign a construction contract with the Civilian Conservation Corps to install fencing around the Napa-Vallejo Waste Management Authority landfill loop section of the Napa River and Bay Trail Phase I, in the not-to-exceed amount of \$17,280 for labor, and \$40,000 including both labor and materials.

Background

Recipients of state grant funds are encouraged to utilize the Civilian Conservation Corps (CCC) whenever possible. The CCC is a job-training program for young adults. The CCC is exempt from prevailing wage requirements (their participants get paid \$18/hour), and the District can hire the CCC without going through the competitive bid process.

The Napa unit of the CCC is interested in doing this fencing project. Labor costs will not exceed \$17,280. The CCC is available to do the work the last two weeks of June of this year.

Napa County Regional Park
and Open Space District

STAFF REPORT

Date: May 9, 2011
Agenda Item: 4.D
Subject: Consideration and potential approval of amendment to agreement with Delta Consulting and Engineering to increase the agreement by \$7,440 to design and prepare construction documents for alternative wastewater treatment system at Moore Creek.

Recommendation

Authorize General Manager to sign an amendment to professional services agreement No. 10-12 with Delta Consulting and Engineering, to increase the amount of the agreement by a maximum of \$7,440.

Background

Delta Consulting and Engineering was retained by the District to prepare construction drawings for the Moore Creek Park entry and staging area and a new septic system for the ranch house. In the process of designing the new septic system, it was determined that the soils in the area will not support a conventional septic system. Therefore, an alternative system must be designed and approved. This is considerably more complicated and expensive than a conventional system. Delta Consulting has proposed to design the system for a not-to-exceed cost of \$7440, based on actual time spent, using the same discounted hourly rate that they proposed for the original contract. Staff believes their proposal is reasonable.

Napa County Regional Park
and Open Space District

STAFF REPORT

Date: April 11, 2011
 Agenda Item: 4.E
 Subject: Receipt of third quarter revenues and expenses, consideration of and potential approval of budget adjustments for FY 2010-11, consideration of and potential direction to staff regarding the draft budget for FY 2011-12, and setting of public hearing for June 6, 2011 regarding the budget for FY 2011-12.

Recommendation

1. Receive estimated actuals for third quarter of FY 2010-11.
2. Approve revised budget for FY 2010-11 as recommended in attachment one.
3. Discuss draft budget for FY 2011-12, modify as appropriate, and set public hearing for June 6, 2011 to receive input on and adopt the budget for FY 2011-12.

Background

The budget initially adopted for FY 2010-11 included a partial drawdown of District reserves in order to fund NEPA review for Camp Berryessa and keep that project on schedule. Due to careful cost controls, and by shifting some staff costs from the County operations grant to the County's Moore Creek Park grant, the District is now projected to end the year with a potential surplus of approximately \$20,000. This surplus provides an important cushion in case there are unexpected expenses prior to the fiscal year closing, and for cash flow for much of next year, because the District's three open state grants all withhold 10% of each reimbursement until the entire project is complete and approved.

For the Moore Creek Park and Napa River Ecological Reserve projects, the pace of expenditures has been slower than had been budgeted, the former due to delay in obtaining the Use Permit, and the later because a portion of the project (a bridge investigation) has stalled because a realistic solution does not appear to be available. Even with the proposed revised budget, these two projects will most likely not need all of their budget; the remainder will roll over and become available for the next fiscal year.

Notable features of the draft budget for the next fiscal year include:

- the addition of a half-time County Planner III position (with associated overhead costs).
- New budget departments for the Vine Trail and the Putah Creek properties (Spanish Valley, Crystal Flats and Stone Corral).
- some staff time and a little amount for expenses allocated to the Putah Creek properties.

- Federal transportation grant funding for Vine Trail preliminary engineering is included, along with the match which the Vine Trail Coalition will provide. Note that once the dust settles, it may turn out that this grant will be managed directly by NCTPA rather than pass through the District's accounts. If so, a budget amendment will be provided.
- Federal transportation grant funding for Napa River and Bay Trail Segments 7 & 8 is not included in the budget at this time, because it is not clear how quickly NEPA environmental clearance can be obtained through Caltrans. If this project does proceed during the fiscal year, a budget amendment will be prepared. Note that this grant requires a local match; if the project proceeds during the fiscal year, approximately half of the \$60,000 set aside for contingencies and special projects will be needed for the match.

Notes

Yellow highlight indicates change from adopted budget

Napa County Regional Park
and Open Space District

STAFF REPORT

Date: May 9, 2011
 Agenda Item: 4.F
 Subject: Receipt of report on expenditures, encumbrances, donations and grants approved by the General Manager

Recommendation

Receive the report.

Background

Section III.A (7) authorizes the General Manager to bind the district for supplies, materials, labor and other valuable consideration, in accordance with board policy and the adopted District budget, up to \$10,000 for non-construction purposes and up to \$25,000 for construction purposes, provided that all such expenditures are subsequently reported to the Board of Directors. Section III.A(8) of the By-Laws authorizes the General Manager to apply for grants and receive donations, subject to reporting such actions to the Board of Directors. Pursuant to this authorization, the following information is provided to the Board.

<u>Date</u>	<u>Purpose</u>	<u>Source / Recipient</u>	<u>Amount</u>
-------------	----------------	---------------------------	---------------

Expenses

4/13/2011	Skyline Park keys reimbursement	CY Yip	\$3.98
4/13/2011	2010 Election expenses	County of Napa	\$330.02
4/5/2011	Moore Creek gate supplies reimbursement	John Woodbury	\$1,696.34
4/13/2011	Moore Creek materials reimbursement	CY Yip	\$830.71
4/22/2011	Moore Creek gate house deck replacement	Olive Hill Woodworks	\$7,267.27
3/14/2011	Moore Creek legal notice	Napa Valley Publishing Company	\$317.06
4/5/2011	Moore Creek transportation reimbursement	John Woodbury	\$48.96
4/4/2011	Moore Creek Ranch House electrical upgrade contract	Myles Davis Electric, Inc.	\$1,800.00

Plan of Projects

Status Report for May 9, 2011

Name of Project	Description	Status
Bay Area Ridge Trail Realignment	Amendment to the proposed alignment of the Bay Area Ridge Trail extend north to the Oat Hill Mine Trail	Ridge Trail Board has approved evaluating the amended alignment. District staff is working with the Ridge Trail and other partners to prepare the evaluation. Sonoma County agency staff have prepared an initial analysis of trail alignments on the Sonoma side of the Napa-Sonoma border. District staff is working with two volunteers to prepare the analysis for the Napa County side.
Bay/River Trail -- American Canyon to Napa	An 8+ mile recreational trail between the cities of American Canyon and Napa generally following the Napa River and interior levees of associated wetlands.	<p>Phase One--Eucllyptus Drive to Green Island Road Feasibility study completed. Phase one (American Canyon to Green Island Rd) CEQA review and Use Permit done. The contract for a \$1,032,300 California River Parkway Grant has been signed. Agreements between the Waste Management Authority, City of American Canyon and the District for the landfill loop have been signed. The District-DFG Agreement has been signed. The Authority has approved the necessary amendment to the landfill closure permit. DFG expects to complete levee repair work by early September. <u>Questa Engineering has completed the draft construction plans and specifications, with the goal of issuing the bid in mid-May, awarding the bid at the June Board meeting, and starting construction in July 2011. Staff has worked out an agreement with the CCC for them to install the fencing around the landfill now in response to concerns about trespassing. An RFP for preparing the interpretive elements was issued in April, and award of contract is scheduled for the May Board meeting.</u> Construction of the Phase One trail is scheduled for the summer of 2011, with the interpretive elements completed by early 2012.</p> <p>Phase Two--Green Island Road to Soscol Ferry Road Questa has completed a revised the draft PUC permit application for a public crossing of the SMART tracks. SMART, NRCA and the PUC have verbally agreed to allow the railroad crossing; formal concurrence is now being sought. District staff is continuing to work with SMART to get their formal approval. LSA Associates has completed a biological survey for the Fagan Marsh area; based on the results, DFG has indicated they do not want the trail alignment to follow the levee on the north side of Fagan Marsh; District staff is now reviewing the feasibility of an alternative alignment. DFG, the Bay Trail Project and the Coastal Conservancy are funding the preparation of the supplemental environmental analysis for the section of the trail next to DFG's ponds 9 and 10; this work will be handled by Ducks Unlimited on behalf of DFG.</p> <p>Phase Three--Soscol Ferry Road to Napa Pipe All permits and permissions have been obtained, and construction bid documents are done. The project is ready to go to construction as soon as funding can be obtained. Funding for this project is included in the regional Transportation Improvement Plan. Caltrans staff has decided they are opposed to entering into a Master Agreement with the District for the receipt of this and expected future grants using federal transportation funds, so <u>NCTPA will act as project sponsor.</u> Staff is now working on all the required Caltrans paperwork, as well as completing NEPA review to <u>supplement the previous CEQA review.</u></p>
Berryessa Estates	Acquire 480 acres next to Berryessa Estates from BLM at no fee through their Recreation and Public Purpose Act procedure. Would serve as a wilderness park for local residents eventually be the northern trailhead for a trail between Berryess Estates and Pope Canyon.	The District met with BLM in mid-January to discuss how to speed up BLM's process for the no-fee transfer of this property. CDF and the Pope Valley Volunteer Fire Department have added a proposal to construct a fire substation on a corner of the property. A community meeting was held March 2009 to get input from the community. The District has completed the donation to the District of a small, 0.2 acre property that provides critical access to the northeast corner of the property. The District has allowed excess soil from a nearby public project to be disposed of on this property, which saves them money and facilitates the eventual construction of the fire substation; staff is working on a drainage easement to the County to assure the County takes care of the extension of the storm drain under this new fill. CDF crews did extensive fire break work in 2009 to protect the residences next to the BLM land.
Berryessa Vista	Planning and stewardship of this 224 acre wilderness park.	Volunteers working with the District have completed detailed GIS mapping showing all existing roads, creek crossings, vista points and potential campsites. Continuing damage by off-road vehicles trespassing on the property was noted; staff is developing a plan for how to stop the trespass. As a first step, a letter was sent to all property owners in that area introducing the District, explaining the deed restriction prohibiting off road vehicles, and asking for their cooperation. No further work is anticipated until Lake Berryessa Trail planning is completed by Berryessa Trails and Conservation. An inholding between the District's property and BLM property is available for purchase; the land trust has agreed to pursue purchase of the property, with the understanding that the District is interested in acquiring the property from the land trust at a futrue date when funding is available.

<p>Blue Ridge/Berryess Peak Trail</p> <p>Obtain right of way and construct trail to provide public access to extensive federal lands on Blue Ridge and to Berryessa Peak</p>	<p>Obtained donated trail easement from the Ahmann family to close gaps between existing public lands on Blue Ridge. Undertook a reconnaissance of the trail route in December 2008. Based on this reconnaissance, a revised easement description was drafted, approved by the landowner and recorded. Botanical surveys field work needed for CEQA review is complete. At Negative Declaration and Use Permit hearing was approved December 16, 2009 by the County Planning Commission. An Operations and Management Plan has been approved by the property owner and the District. District staff and volunteers have flagged the route of the trail through the Ahmann property. There have been volunteer trail building work parties in November 2010 and January, February and March and April 2011. <u>BLM staff on April 11th inspected the proposed trail alignment where it crosses BLM land, and is expected to issue their environmental clearance in the near future.</u></p>
<p>Camp Berryessa</p> <p>Redevelopment of former Boy Scout Camp into a group/environmental education camp.</p>	<p>MOU with Bureau of Reclamation gave the District an 18 month period to develop a feasibility study for the camp. The District has completed the feasibility report, and BOR has reviewed and supports the conclusions. The District and staff are finalizing a land use agreement. The draft combined NEPA/CEQA document has been completed and certified. A grant for \$50,000 to help with construction has been provided by the Mead Foundation. A \$1.5 million grant to construct Phase One of the camp was approved by the State Coastal Conservancy Board March 17, 2011. The camp is hoped to be ready to open by fall of 2012</p>
<p>District Non-profit Foundation</p> <p>Organize a non-profit foundation to raise funds for District projects</p>	<p>The District Board has approved the goals, objectives and basic structure for a non-profit foundation to assist the District with fundraising. Board members are contacting potential future members of the foundation governing board.</p>
<p>Lake Hennessey North Shore Trails</p> <p>Would open up several miles of existing dirt access road, and construct approximately 1 mile of new single track trail, into a loop trail system on the north side of Lake Hennessey, and connecting to the planned Moore Creek Open Space Park trail system.</p>	<p>The Napa City Council in November, 2009 directed city staff to work with the District to finalize an agreement for the proposed Hennessey trails. A plant survey of the new section of trail was completed on April 3, 2010. City and District staff have come to a agreement on the extent of improvements and operational parameters, and are now working to complete a draft agreement for approval by both agencies, the date for consideration by the City Council has not yet been set. The District approved a Mitigated Negative Declaration on February 14, 2011. The earliest this area could be opened to the public is summer of 2012.</p>
<p>Milliken Reservoir Trails and Picnic Area</p> <p>Would construct approximately 3 miles of Bay Area Ridge Trail plus additional feeder and loop trails, along with a staging and picnic area</p>	<p>The feasibility study has been completed, and accepted by the Board of Directors. The Napa City Council in November, 2009 approved city staff recommendation to hold off on the Milliken Reservoir trails project until the Hennessey trail project is up and running.</p>
<p>Moore Creek Open Space Park Development</p> <p>Development of open space park on 673 acres acquired by the District adjacent to City of Napa watershed lands at Lake Hennessey to protect habitat, provide recreational trails, and overnight camping facilities.</p>	<p>Wells at the gate house and ranch house dug, pumps installed and water quality tested, and the gate house well connected up. An agreement for surveying the boundary between the District property and adjacent private property to the east has been signed <u>the draft survey is complete, and the survey documents have been submitted to the County for approval.</u> Volunteers have demolished a large old shed, constructed a new boundary/pool fence at the ranch house, planted and irrigated 250 willows, oaks and buckeyes to stabilize a section of creek bank; demolished 3 additional decrepid structures, removed thousands of invasive French broom plants, and done a lot of tree pruning and weed removal to reduce fire risk, and hauled off more than 50 yards of trash. A Mitigated Negative Declaration was approved by the District on February 14, 2011, and the Use Permit was approved by the County on March 2, 2011. Contracts for engineering and architectural services were approved in June 2010 <u>and the work is nearly complete (except for the alternative septic system design).</u> The County road crew did extensive drainage improvements to the dirt access road in August and September 2010. The ranch house driveway and parking area was surfaced with gravel in October. <u>The Valentine-Vista trail alignment has been cleared of brush, an RFP was issued for the mechanized portion of the work involved in building one mile of this trail, the low bidder selected, and the work is mostly complete.</u> The park is expected to open to the public by fall 2011.</p>
<p>Napa River Ecological Reserve Restoration</p> <p>Remove invasive plants and restore native vegetation in the entryway meadow, replace damaged signage and information panels, restorate the interior trail and interpretive elements, and if feasible install a seasonal bridge, using a \$100,000 grant from the State Coastal Conservancy.</p>	<p>The California Conservation Corps completed a first round of mechanical weed removal and installed an all-weather surface on the trail from the parking area to the river levee, in May 2010. In June the CCC did follow up chemical spraying and completed construction of the interpretive path. Staff is continuing to work with local teachers to development curriculum and set up educational field trips for the next school year. Additional invasive weed removal was done by volunteers on two weekends in September 2010. The District assisted Audubon coordinate a volunteer project on November 6, 2010 to prepare new maps showing the location of invasive species on the southwest side of the river and continue removal of invasive plants. The District has used grant funding to bring numerous school classes to the site to study ecology of the area and assist with the habitat restoration. Native plant cuttings gathered from the reserve are being propagated in preparation for planting this fall. <u>A 50 volunteer work party did additional invasive plant removal on April 30, 2011.</u></p>
<p>Oat Hill Mine Trail</p> <p>Improvements to first 1/2 mile of trail next to Calistoga</p>	<p>The litigation holding up this project has been successfully concluded, meaning the District can now complete repairs to the first 1/2 mile of the trail. This should be accomplished before the end of the summer of 2011.</p>
<p>Oat Hill Mine Trail</p> <p>Transfer of 40 acre parcel from BLM</p>	<p>The District in 2008 applied to BLM for a non-fee transfer to the District of a 40 acre parcel at Maple Springs on the Oat Hill Mine Trail; this application is pending. Staff met with BLM in February 2011 to discuss how to speed up this transfer.</p>

<p>Rector Ridge/Stags Leap Ridge Trail</p> <p>Construction of staging area and 6+ miles of Ridge Trail climbing east from Silverado Trail near Rector Creek.</p>	<p>CEQA on this project was completed several years ago--staff is preparing an update to the Negative Declaration due to the passage of time since the original approval. The project concept has been approved by the District Board, and is being positively viewed by the Veterans Home administration. Veterans Home staff have been having difficulty figuring out what approval process is needed, because of ongoing discussions at the state level about the appropriate roles and future programs for the Veterans Home. District and Veterans Home staff have discussed possible short-term steps that can be taken to get the project moving. Key management staff at the Veterans Home retired in November, so progress is delayed pending the filling of their vacant positions.</p>
<p>River to Ridge Trail</p> <p>Lot line adjustment to legalize River to Ridge Trail as constructed (it currently encroaches on private property in two locations)</p>	<p>Deeds accomplishing the adjustment in property boundaries between Syar and the State have been recorded. If the County ends up not being able to purchase Skyline Park, including the area with the River to Ridge Trail, then the County and the state will need to record a new trail alignment easement description.</p>
<p>River to Ridge Trail</p> <p>Correct drainage problems to trail can be used year-round.</p>	<p>Two volunteer work weekends in March and April and two more in May of 2010 were organized by the District to clear brush, improve drainage, and surface about 300 feet of the trail with quarry fines to control problems with mud. About 50 feet of the trail still needs to be surfaced with quarry fines.</p>
<p>Skyline Park Protection</p> <p>Purchase of Skyline Park from the State</p>	<p>Three past legislative efforts to authorize sale to the County failed due to unrelated disagreements between the state legislature and administration. Separately, the County in September 2009 approved a new park overlay zone and an updated Master Plan for Skyline Park. A fourth legislative effort by Assemblymember Evans in 2010, sponsored by Napa County and supported by the District, was approved by the legislature and signed by the Governor. The next big step is for the County and state General Services to agree on an appraisal process for determining the fair market value purchase price. Negotiations with DGS over determining the purchase price are underway.</p>
<p>Spanish Valley, Crystal Flats and Stone Corral</p> <p>Planning for 3,400 acres of open space donated by Bob and Evalyn Trinchero</p>	<p>Staff met with key community leaders from Lake Berryessa Estates on February 6 and March 6, 2011. <u>A public session was held April 21st at the Pope Valley Farm Center.</u> A neighboring property owner is requesting an easement across the District's Stone Corral property; staff has responded requesting more information. Staff is continuing to research issues, study the property and developing proposals for Board consideration.</p>
<p>Vallejo Lakes</p> <p>Possible purchase of 1100 acres of surplus Vallejo Water District lands, of which 200 acres are located in Napa County</p>	<p>Staff-level discussions between the District, the Land Trust of Napa County, the County of Solano and the Solano Land Trust indicate a common desire to work together to purchase this property adjacent to Skyline Park. The City Council of the City of Vallejo has officially authorized staff to pursue surplusing of the property. District staff and our partners are continuing to research issues related to the property, including potential public access locations, potential trail alignments, and easements and other encumbrances which affect the property. The State Coastal Conservancy has indicated an interest in assisting with the funding necessary to purchase the property. The City of Vallejo has hired an appraiser to prepare an estimate of the property's fair market value. The surplusing process has slowed down due to new discussions between the City and residents of Green Valley over overall water supply arrangements. The District is working with the American Land Conservancy to find funding for the acquisition.</p>
<p>Vine Trail</p> <p>A Class I bicycle/pedestrian path extending from Calistoga to the Vallejo Ferry Terminal</p>	<p>The District has entered into an MOU with the Vine Trail Coalition to provide assistance as requested by the Coalition in receiving funds, preparing plans and environmental documents, constructing and operating the trail. The District, the Bay Area Ridge Trail, the San Francisco Bay Trail and the Vine Trail Coalition have prepared a joint Case Statement for the combined trail network for fundraising purposes. The District on February 5, 2010 submitted an appropriations request for FY 2011 to Senator Feinstein, and a similar request to Congressman Thompson on February 26, 2010 on behalf of the Vine Trail Coalition. The Metropolitan Transportation Commission has included \$211,000 in the Transportation Improvement Plan for FY 10-11 to fund preliminary engineering work on the trail between Yountville and the center of the City of Napa, and the Coalition in September voted to provide the grant's required \$28,000 non-federal match. Another \$183,000 in federal Transportation Enhancements fund is available to construct the section of the trail under the Butler Bridge. NCTPA will act as pass-through for both of these grants, since Caltrans has not been willing to enter into a Master Agreement with the District. <u>Staff is currently working through the paperwork required by Caltrans for this grant.</u></p>
<p>Wild Lake Ranch</p> <p>Possible joint management of trails, camping and picnic areas through agreement between the Land Trust, which acquired the property.</p>	<p>The District is participating in the development of a strategic plan for the property, together with other public lands in the area, that is being led by the Land Trust of Napa County. The advisory committee has met once, and completed a field trip to inspect the property. The planning process was put on hold due to the freeze in the state bond-funded grant; however, the freeze was mostly lifted in August and the planning process has restarted. A community input meeting was held on March 24, 2010. The Wildlife Conservation Board approved purchasing a \$6 million easement from the Land Trust at its August meeting, this purchase will enable the Land Trust to repay its outstanding loans and start an endowment for managing the property. The Advisory committee on which the District serves met in October to review the draft plan. Next steps will depend on how the Land Trust decides to proceed.</p>

Completed Projects

Berryessa Vista Acquisition	Purchase of 224 acres from the Land Trust of Napa County for use as a public park completed in early 2008 using State Prop 12 funds.
Connolly Ranch	Construction of patio, restrooms and cooking facilities completed in 2008 using State Prop 12 funds.
Oat Hill Mine Trail	The Oat Hill Mine Trail was formally opened in May Of 2008, after a major volunteer work party doing signage installation, brush removal and erosion control.
Linda Falls	Conservation easement accepted in spring 2008 from Land Trust of Napa County to provide additional protection for this 39 acre property, which is owned by the land trust
Master Plan Development	The Master Plan for 2008-2013 was approved in January 2009
Moore Creek Open Space Park	Acquisition of 673 acres in the Moore Creek Watershed completed in December 2008. Trail reroute to remove two stream crossings mostly completed in May 2009. New heater installed in gatehouse in
Napa River Ecological Reserve Improvements	Parking area paved, and rock barrier installed to control vehicular access in 2007. Trash enclosure constructed and entry signs restored by volunteers in 2008. Deteriorated kiosk removed in 2008. The District in July 2008 assumed the County's role in managing the preserve under the joint management agreement with DFG. A new maintenance contract with the non-profit organization Options 3 was started in January 2009. The old deteriorated information kiosk, which had become a serious eyesore, was removed in November 2008.
Napa River Flood Control Easement	Conservation easement accepted by District in 2007 to facilitate Flood District project and grant funding
Newell Preserve Improvements	As part of the arrangement with the land trust on the District's purchase of Berryessa Vista, the land trust was willing to use some of the proceeds from the transaction to fund a well pump and distribution system at the Preserve. However, the first well drilled by the City of American Canyon came up dry. The City has dropped plans for digging any more test wells. Provide on-site water supply for group campground and so cattle can be restricted from access to riparian areas.
River to Ridge Trail Enhancements	Installation of animal silhouettes along the entryway fence illustrating the types of birds and mammals that can be found in the area completed by Eagle Scout candidate in 2008. In November 2008 five Valley Oak trees were planted at the Highway 221 entrance to the trail with the assistance of a volunteer from CNPS.
River to Ridge Trail Entrance Enhancements	A new information kiosk was installed at the entrance in December 2008 as part of a Boy Scout project. Several Live Oak seedlings were donated by CNPS and have been planted at the entrance to improve its appearance.
Skyline Park Road and Trail Improvements	Erosion control work on Lake Marie Road, and paving of campground loop road, completed in 2007 using State Prop 12 funds.
Skyline Park Concessionaire Agreement Renewal	District staff negotiated renewal of concessionaire agreement on behalf of the County. The renewal involved changes to the fee schedule and amendments to and approval of subagreements with three non-profit partner organizations.
Skyline Park Trail Improvements	Staff worked with SPCA and V-O-CAL to sponsor a weekend work party on October 15-17, 2010. Approximately 110 volunteers worked to reroute and repair trails experiencing serious erosion problems. SPCA is donating \$1,000 toward expenses. Major volunteer event to reroute and repair trails
Skyline Park Facility Improvements	The proposals for a second greenhouse and a covered arena were approved by the Department of General Services and by the County Board of Supervisors. The sponsors of these projects are now raising funds for implementation. Partner-sponsored improvement include a second
South Napa Wetlands Habitat Area	Transfer approved in concept by the flood control district. Park District staff has prepared the first draft of a transfer agreement. The Flood District and staff are continuing to research details related to completing the transaction. Attorney's for the flood district have concluded it would be better from their perspective for the flood district to retain ownership of the property, but to grant an access and habitat restoration easement to the district. Transfer to the District those wetlands owned by the Napa County flood control district between the Napa River, Highway 29 and Newport Drive for use as habitat and nature-based recreation.
Trichero Open Space Acquisition	The donation was completed on December 29, 2010. A related granting of an access easement to the Lake Berryessa Resort Improvement District was completed in mid-January 2011. Donation of 3,400 acres of open space to the District by Bob and Evalyn Trinchero
