

2025 Spring Trails Challenge Participant Resources

Support the parks you love while exploring the trails of Napa County!

Thank you for joining the Napa County Regional Park and Open Space District for our annual Spring Trails Challenge!

The challenge is a great way to discover new trails, set a goal to find a new outdoor adventure each week, and Go Outside and Play in our beautiful local open spaces. We also have the option for you to help support NOSD's work while you're out on the trail. We'd love to have your help spreading the word about our work and raising funds to care for the parks and trails that we all love to use.

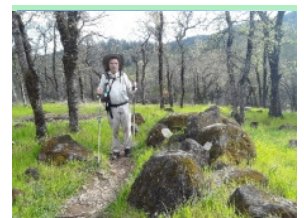

Fundraise for the Spring Trails Challenge & Help Make Our Trails Even Better!

The Napa Open Space District operates your parks and trails with very modest funding and relies on community support to maintain and improve them. You can help by raising funds while doing the outdoor activities you love to do! We've assembled resources below to make this a fun and easy experience.

You don't have to fundraise to participate in the Spring Trails Challenge - but your donations maintain and expand trails and we'd love your help!

All funds raised through the Spring Trails Challenge help the District continue to manage and expand our regional parks and trails. All participants in the challenge that raise \$100 or more will receive an official 2025 Spring Trails Challenge t-shirt.

See below for tips and tricks to make fundraising simple, fast, and fun. If you need any help or have questions, please email us at info@napaoutdoors.org.

Fundraising 101: Share your passion for the parks you love.

You love trails, we love trails, and we all think everyone around us should know more about the local parks we have around us! Most fundraising for the Spring Trails Challenge is really as simple as letting your social circles know that you're passionate about local parks and open spaces - and that you'd love to have their support and help in your challenge.

Most online fundraising is accomplished using links on social media or emails to friends and family, and most people participating in events like the Spring Trails Challenge discover that many of their connections are happy to support a cause they care about when asked.

Quick & Easy Fundraising Ideas:

Customize Your Fundraising Page:

The fundraising platform we're using make customizing your page easy. You can change the banner image, add personalized text in the story section, and make it reflect the reasons you care about your parks and trails. *Pro tip: Participants who customize their pages receive many more donations than those that do not.*

Share the Why:

People support causes that they care about, or that are important to you. Be sure to let everyone know why our local parks are important to you and why you're supporting NOSD's work. Adding photos of you out enjoying parks is a great way to visually show your love of trails. *Pro tip: Invite others to Go Outside and Play with us also! The Spring Trails Challenge is free to participate in and it's a great way to discover our parks.*

Social Media Spreads the Word:

Many online fundraisers use social media almost exclusively for their events. You've probably seen many posts asking for support as people get involved with causes they care about. Sharing a link and letting people know that you are passionate about our parks and would love to have their support is all it takes. We've included some sample social media posts below and have downloadable photos for you to use as well. *Pro tip: Posting your link frequently helps your effort. We all miss posts or see them when we don't have time to donate, so posting 1-2 a week helps people see your posts.*

Use Email:

Don't underestimate the power of a simple email. Much like the social media post details above, many people in our lives are more than happy to support the causes that we care about. You can use the sample text we've included below, but it's best to personalize your note and let people know why you're passionate about our parks. *Pro tip: We never want to hound anyone by email, but a reminder email after a couple of weeks is often helpful. Also, don't forget to thank your donors!*

Be Direct and Thoughtful:

Make things easy on your potential donors and ask them directly for their support. Always include a link to your fundraising page so that they can click and donate easily. *Pro tip: you can include a link to your fundraising page in your email signature with a message like "Support me in the 2025 Spring Trails Challenge!"*

Social Media and Email Tools

Social media is one of the easiest and most powerful tools for online fundraising. It's as simple as posting a link and short message to your social media pages 1-2 times a week while the challenge is happening. If you're not on social media, don't worry - we've included sample email text below also.

Sample Social Media Posts:

Just copy, paste, and post!

Sample post #1

I'm supporting the Napa Open Space District in the 2025 Spring Trails Challenge because parks and outdoor recreation are essential! Support me to help NOSD keep Growing Parks for People and keep our parks and trails available for everyone's use.

You can donate to my Spring Trails Challenge at:

Sample Email Text:

Email can be a great way to send a note to people in your circles and ask for their support. Use the sample email text below and feel free to customize this however you'd like to.

Dear <INSERT NAME>,

I'm excited to be participating in the 2025 Spring Trails Challenge for the Napa Open Space District this spring and I'd love to have your support!

As a participant in the Spring Trails Challenge, I'll be choosing 5 different trails in our local Napa County Regional Parks and completing these with many other parks lovers here in Napa. I'm also raising funds for the Napa Open Space District so that we can help them keep Growing Parks for People and I'd like to ask you for a donation to support this great cause.

The Napa Open Space District was established in 2006 as a Special District, but has no stable funding source for its work. Since 2006, the District has steadily grown our local parks and trails and has protected more than 5,000 acres of watersheds, forests and other open spaces and manages and provides recreational access to another 8,000 acres.

They've done an amazing job of expanding outdoor recreational spaces and protecting our open space with very little funding and continue to provide ways for everyone to enjoy our beautiful area.

Parks have become even more important to everyone in our community over the past several years and we want to be sure that the Napa Open Space District can maintain and continue to improve our local parks.

Any donation to my Spring Trails Challenge would be appreciated and you can donate quickly and easily here:
